

YOUR ARTWORLD DNA

Sample free AKS + ADPS assessment

ANONYMIZED SAMPLE PROFILE

Prepared by AKS x ADPS / ArtWorld DNA

David Hinojosa Admann / DHAdmann - ODBK e.V.

Your basic results

This sample illustrates the type of information included in the free assessment PDF.

AKS

78 / 100

ADPS

46 / 100

What this suggests

This sample profile shows stronger demonstrated art knowledge than decision-making power. It may correspond to an experienced researcher, curator or historian whose expertise is substantial but whose institutional reach, network centrality or resource control is more limited.

Basic positioning

Higher AKS / lower ADPS: Under-recognized expert. The free report introduces the relationship between the two dimensions without making a judgment about professional worth.

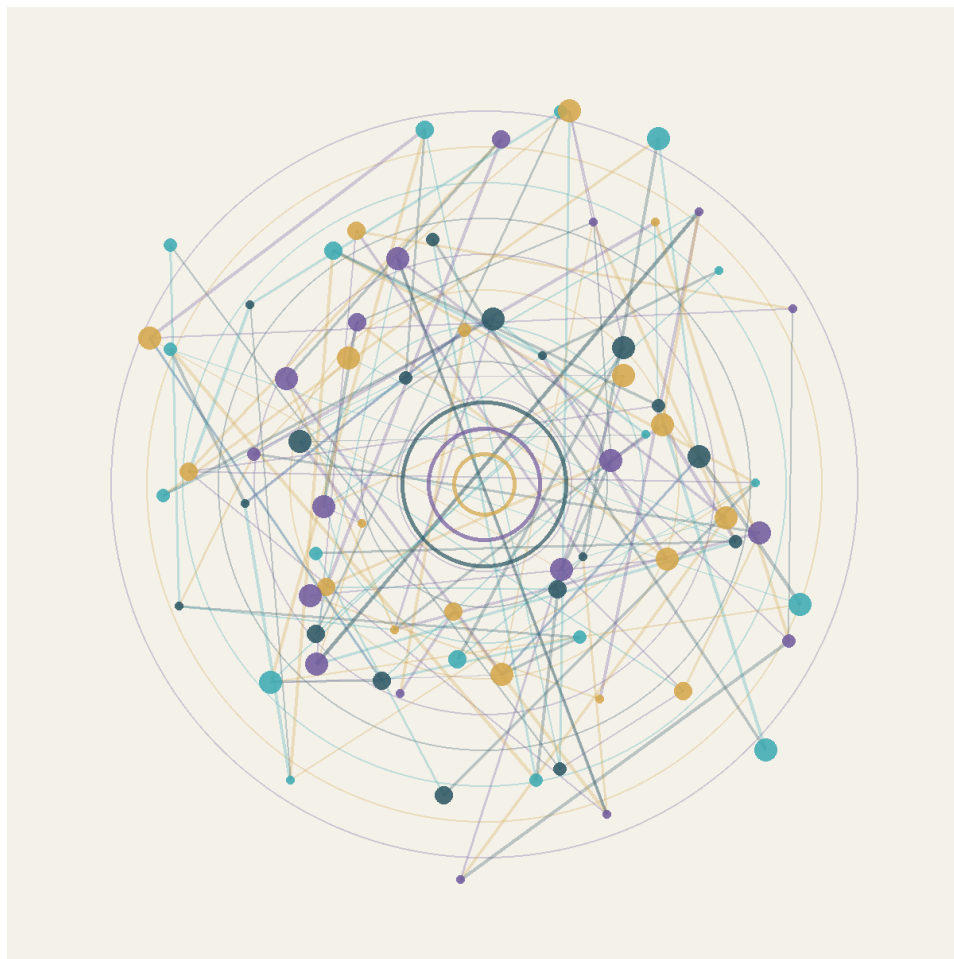

Included in the free assessment

AKS score - ADPS score - basic interpretation - ArtWorld DNA - digital PDF

Advanced professional intelligence services launch in January 2027.

Your ArtWorld DNA

A visual composition generated from the relationship between your AKS and ADPS variables.

The ArtWorld DNA turns your assessment into a unique visual identity. Its density, relationships, rhythm and geometry are derived from the underlying dimensions of the profile. The printed version is available as a personalized 20 x 20 cm signed edition of 2.

Sample only - not a real participant assessment.
